DC PLUG Year 1 – Ward 4, Feeder 15001

Neighborhood: 16th Street Heights; Crestwood

Description:

Feeder 15001 services residential homes between 13th street and 16th street from Madison Street to Allison Street. Approximately 92% of customers are residential and 8% are commercial. The feeder extends 9.6 miles and serves 1,344 customers. 76% of this feeder is currently overhead, 24% is underground.

Proposed Scope of Work:

- Remove existing OH primary wire and transformers
- Install approximately 155 manholes
- Install approximately 48 UG tap holes
- Install approximately 8.6 miles of duct bank in an underground trench
- Install ancillary civil equipment including associated paving milling
- Install approximately 191 transformers
- Install approximately 8 switches
- Install approximately 1.8 miles of mainline cable
- Install approximately 15.1 miles of lateral cable
- Install ancillary electrical equipment including cable supports, joints and insulators
DC PLUG Year 1 – Ward 5, Feeder 14093

Neighborhoods: Brookland; Brentwood; Langdon; Arboretum; Anacostia River;
Gateway; Arboretum

Description:

Feeder 14093 services residential homes Northwest of New York Avenue and South Dakota Avenue, as well as Catholic University. Approximately 86% of customers are residential and 14% are commercial. The feeder extends 9.2 miles and serves 946 customers. 78% of this feeder is currently overhead, 22% is underground.

Proposed Scope of Work:

- Remove existing OH primary wire and transformers
- Install approximately 170 manholes
- Install approximately 58 UG tap holes
- Install approximately 9.8 miles of duct bank in an underground trench
- Install ancillary civil equipment including associated paving milling
- Install approximately 165 transformers
- Install approximately 20 switches
- Install approximately 5 miles of mainline cable
- Install approximately 19.2 miles of lateral cable
- Install ancillary electrical equipment including cable supports, joints and insulators
DC PLUG Year 1 – Ward 8, Feeder 15177

Neighborhoods: Anacostia; Buena Vista; Greenway; Fairlawn; Douglas

Description:

Feeder 15177 serves the general vicinity of Stanton Road, Howard Road, Hunter Place, and Fairlawn Ave. Approximately 92% of customers are residential and 8% are commercial. The feeder extends 6.9 miles and serves 2,223 customers. 100% of this feeder is overhead.

Proposed Scope of Work:

- Remove existing OH primary wire and transformers
- Install approximately 238 manholes
- Install approximately 82 UG tap holes
- Install approximately 10.4 miles of duct bank in an underground trench
- Install ancillary civil equipment including associated paving milling
- Install approximately 260 transformers
- Install approximately 13 switches
- Install approximately 5 miles of mainline cable
- Install approximately 15.6 miles of lateral cable
- Install ancillary electrical equipment including cable supports, joints and insulators

See map on next page
DC PLUG Year 1 – Ward 7, Feeder 14261

Neighborhoods: Garfield Heights; Good Hope; Hillcrest; Naylor Gardens

Description:

Feeder 14261 services residential homes Northeast of Suitland Pkwy and Southern Avenue, as well as residents and commercial businesses on Naylor Road. Approximately 93% of customers are residential and 7% are commercial. The feeder extends 10 miles and serves 1,279 customers. 93% of this feeder is overhead, 7% is underground.

Proposed Scope of Work:

- Remove existing OH primary wire and transformers
- Install approximately 110 manholes
- Install approximately 23 UG tap holes
- Install approximately 7.2 miles of duct bank in an underground trench
- Install ancillary civil equipment including associated paving milling
- Install approximately 105 transformers
- Install approximately 6 switches
- Install approximately 2.1 miles of mainline cable
- Install approximately 13.2 miles of lateral cable
- Install ancillary electrical equipment including cable supports, joints and insulators
